Forex Robot TFOT - version 6.0

Price for Forex Robot TFOT will be increased March 31, 2013

- We are monitoring our forex robot TFOT since 2010.
- Expert Advisor shows very good results on our own real accounts and on our clients' real accounts.
- Advisor is not sensitive to changes in the market and can be used as an independent automated trading system and is included into the trading systems portfolio.
- Over the years, we have studied the behavior adviser to market changes and made some important discoveries.
- This gave a new impetus to the improvement of forex robot TFOT.
